SUMMARY

PhD student in Mathematics at Stanford University, interested in Analysis and Geometry.

EDUCATION

2026 - present	PhD at Stanford University .	
2024 - 2026	Master in Advanced Mathematics at University of Trento .	(110/110 cum laude)
2021 - 2024	Bachelor's Degree at University of Trento .	(110/110 cum laude)
2018-2021	Diploma in Classical Studies at Military School "Teulié", Milano, Italy.	

PROJECTS

Master's Thesis:	<i>The moduli space of minimal surfaces with strongly isolated singularities</i>	
Advisor:	Alessandro Carlotto	
Description:	This thesis is devoted to the study of the moduli space of compact minimal submanifolds in Euclidean space having only strongly isolated singularities.	
Bachelor's Thesis:	<i>The Lusternik-Fet theorem on the existence of closed geodesics</i> (Link)	
Advisor:	Alessandro Carlotto	
Description:	This thesis is devoted to prove the Lusternik-Fet theorem on the existence of closed geodesics in closed Riemannian manifolds using explicitly Ambrosetti-Rabinowitz's Mountain Pass Theorem.	

ATTENDED EVENTS

September 2025, Trento	Workshop: "Mind the GAP — Young researchers meeting in Geometric Analysis and PDEs"
September 2025, Trento	School: "Three days between Analysis and Geometry in Trento, 4° edition"
June 2025, Pisa	Conferences: "Topics in Geometric Analysis"
September 2024, Trento	School: "Three days between Analysis and Geometry in Trento, 3° edition"
June 2024, Padova:	School: "Geometric problems in Analysis"

SCHOLARSHIPS

2024	Scholarship for the Master's Program in Mathematics at University of Trento: one of two scholarships awarded for excellence in mathematics under the Department's strategic project in Analysis and Geometry. Financed by C.I.R.M.
------	--

TEACHING

Assisted first-year mathematics students at University of Trento through weekly tutoring sessions in:	
Calculus 1	Fall 2024, Fall 2025 (Professor: Anneliese Defranceschi)
Linear Algebra	Fall 2023, Fall 2025 (Professor: Eduardo Luis Solá Conde)

LANGUAGES

Italian (mother tongue)
English (C1 level)
